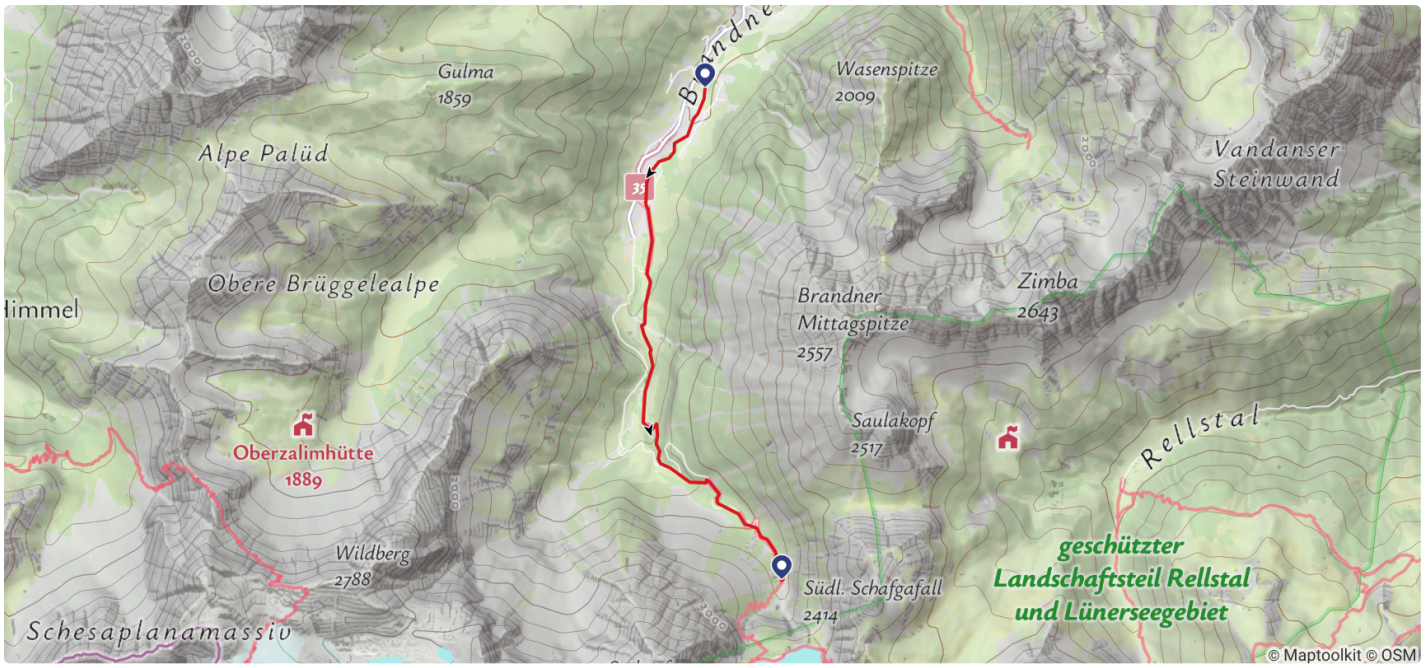
MODERATE | FROM A TO B



Tour description

This mountain run offers everything a trail runner's heart desires - varied trails across meadows, through forests, over stones and rocks.

From the starting point at the Alvierbad, this running route mostly leads along the right-hand side of the Alvierbach stream to the Brügga district, where the route crosses the Alvier and continues along the road into the valley. In the Innertal, the road turns into a forest path and this leads up towards Kesselfall.
