Tour description

Experience a special sound experience in the mountains of the Grosses Walsertal.

A unique experience for young and old. The **Klangraum.Stein** is an interactive project that deals with nature and its soundscape. Artistic installations accompany you on the hiking trail to the Echo Wall - inviting you to listen, enjoy or help shape the soundscape.

The covered barbecue area in Steinbild offers a brick barbecue area, table and benches and a fountain with fresh water. The special feature of the barbecue area is the clay oven, in which a specially created clay oven pizza can be baked (available at Seilbahnen Sonntag-Stein). An additional highlight is the adventure playground right by the barbecue area with water games and a special cave in an old lime kiln. The pond with a raft provides variety, refreshment, and fun.
