OPEN

STORES/SHOPS

 Wichnerstraße 11, 6700 Bludenz

The Weltladen Bludenz is the first port of call for fair trade in the Bludenz area.

In the Weltladen Bludenz you will encounter diversity, atmosphere, imagination and joie de vivre. The products on offer tell of the special features of the country of origin, of the people who produce them, of their living conditions, their ideas and their achievements.

We source our goods exclusively from recognized, certified suppliers.

Our producers and suppliers are selected according to Fair Trade criteria and are continuously evaluated on site. This ensures that the production standards of (small) producers in the Global South are adhered to and that they receive fair prices for their products.
