

Hellwaldhütte

AUSFLUGSZIELE

HÜTTEN

📍 Mutterstraße 1a, 6700 Bludenz

The Hellwaldhütte is located above Rungelin in Bludenz and was formerly used as a hunting and forestry lodge. It offers a fantastic view over the city of Bludenz and the surrounding mountain region.

Detailed description

At the end of 2020, a reactivation of the almost 80-year-old Hellwaldhütte was in planning and was then also implemented in 2021. The hut should offer an enrichment of the offer for locals as well as for the tourist and cultural area. Various events involving the Hellwaldhütte are offered again and again.

A well-built and newly asphalted path leads from Rungelin to the Hellwaldhütte. Popular themed trails such as the "Waldlehrpfad" the "Sunnaweg" and the Bludener MTB trail lead almost directly past the Hellwaldhütte or can be explored from here. The newly built Klangraststätte is also only a few 100 m away.

The Hellwaldhütte is opened for various events. However, it can be visited and inspected from the outside at any time.
