

Serpentinata - Kunstwerk Alpine Art Muttersberg

HANDICRAFT/ARTS WORKSHOPS

MEETING PLACE

Serpentinata by Janine Rogen

On the Alpine Art hiking trail at Muttersberg, eight renowned artists have created their works – each station is unique, shaped by individual perspectives on life in the mountains.

The "Serpentinata" is a spiral wall that symbolizes the path inward. The path runs counterclockwise with a narrow slit that opens up the view of the Walgau. The winding walls dampen sound and create a space of silence in nature with a focused outlook.

Material: Iron

Size: highest point approx. 3 m
