

Glingabrunnen

FOUNTAIN

The Glingabrunnen in Brand is one of the most impressive natural attractions in Vorarlberg.

The Glingabrunnen is one of the most impressive natural attractions in Vorarlberg. It consists of many wells which come from Brandner glacier and make the water bubble out of the ground. You can only watch the natural spectacle at the time of the glacier melt between mid May and mid October.

From the parking lot at Palüdbahn you follow Palüdbach via "Glingaweg" to **Glingabrunnen**.
