Welcome to restaurant FUCHSBAU – where alpine classics, creative Asian fusion cuisine, and lovingly prepared vegan dishes come together against a breathtaking mountain backdrop.

Enjoy modern alpine dining with heart, quality, and regional ingredients from our own organic farm. Our guests not only love favorites like Sennerrösti, FUCHSBAU Cordon Bleu, and the best apple strudel around, but also discover new taste experiences and daily changing specials. And the best part: your four-legged friends are warmly welcome too!

We look forward to welcoming you year-round with special events, cozy alpine evenings, and culinary highlights.

In **winter**, you can look forward to an extraordinary experience: for selected evening events, we offer a shuttle service with our own snow groomer – a true winter special!
