Horse experiences for all ages – from riding lessons and guided pony rides to a hands-on pony afternoon for children.

At MR Pferdezentrum, everything revolves around the joy of horses and ponies. Children, families and horse lovers can look forward to a varied range of activities – from first encounters to guided riding experiences.

Whether it's **riding lessons** for beginners and more experienced riders, **guided pony rides** for young children, or the popular **pony children's afternoon**: ponies are groomed, led and ridden together under supervision. Depending on the season, a **sled ride** adds a special highlight.

MR Pferdezentrum focuses on a caring, child-friendly approach and meaningful time spent with the animals – perfect for anyone who wants to truly experience horses up close.
