Small tour around Loischkopf | Bürserberg

EASY | REFRESHMENTS | PANORAMIC | CABLE CAR ASCENT/DESCENT | ROUND TRIP

Tour description

This easy mountainbike round trip - rideable for almost everyone - inspires with great views of the valley and the surrounding mountains.

The MTB tour starts directly at the valley station of **Loischkopfbahn** on the high plateau Tschengla, Bürserberg. Bikers with better fitness start via the forest path to the middle station of Loischkopfbahn. Those who prefer a more leisurely approach can overcome the first vertical meters with the Loischkopfbahn and thus save a few vertical meters. From the middle station of the Loischkopfbahn the tour takes us along the "Burtscha" forest path to the Burtschasattel. At Burtschasattel the **mountain restaurant Frööd** invites you to a cosy stop. From here it goes uphill a little bit to the Parpfienzsattel before the descent along the Alte Statt-Weg begins. Once you reach **Alpe Rona**, you have to cross the road for a short distance and return to the starting point, the valley station of the Loischkopfbahn.
