Rona circular route | Bürserberg

EASY | REFRESHMENTS | ROUND TRIP

Tour description

Beautiful circular trail above Alpe Rona on the Tschengla high plateau.

From the Alpe Rona, the trail leads to the Kneipp station and from there via two shortcuts along the hiking trail uphill. As soon as the forest road would be crossed the second time, branch off to the left on it. Now follow the forest road until the hiking trail branches off to the right again - now via a steep right hiking trail uphill until you reach the forest road again. Turn right again on the forest road and hike to the Glinzgieck viewpoint. Alternatively, you can continue along the forest road to the Glinzgieck. After a leisurely rest at the lookout point, take the hiking trail back to Alpe Rona.
