On these two days, you will enhance your skiing skills in deep snow.

Meeting point

09:00 at the valley station of the Sonntag-Stein cable car.

Price

from 4 people each € 280.00

3 people each € 370.00

(The number of people refers to all registered participants)

Registration

up to 10 days before the start of the event (last-minute spots can also be booked) at walserguides.at

Requirements

Good skier on the slopes, experience in deep snow

Skiers who want to improve their technique off-piste or who cannot enjoy deep snow descents because their skills and experience on the piste do not translate to off-piste runs.

If you can navigate red slopes using parallel ski technique without any problems, even in difficult snow conditions, if you can't find your rhythm in deep snow when your thighs burn after just a few turns, or if you feel that a better technique would bring more enjoyment in challenging snow conditions, then this course is right for you.

Hint / Advice

max. 7 participants

We conclude each day in a cozy mountain hut in the ski area - the best opportunity to enjoy a traditional Walser meal before the last descent and heading home. Up on the mountain, after an eventful day in the snow, the food tastes especially good!

We organize this course in cooperation with the Alpenverein Vorarlberg. If a date is already fully booked here, there may still be available spots on the Alpenverein's website.

Not included services

Ski pass/ ski tour map for the two course days, catering
