The sports- and playground, the small but fine sporty centre in Damuels, has a lot to offer.

Detailed description

The sports and playground in Damuels has a football field and a beach volleyball court, which can be illuminated at night. In addition, there is a great children's adventure playground. Next to it you will find Vorarlberg's largest forest rope garden with a fitness course for a well-groomed workout as well as a small kiosk, which is called "Aktiv Treff".

The sports and playground can be found right below the district "Kirchdorf". We recommend to follow the green signposts to the forest rope garden. Further information can also be obtained at the tourist office in Damuels.
