The power of mindful touch - the magic of healing sounds

Feel warmly invited to immerse yourself in the Aloha Spirit energy. Feel yourself, pause to listen, connect with the elemental forces and find harmony back to your essence.

Lomi Lomi Nui energy massage

In a journey to yourself, let yourself be accompanied by the power of mindful touch. Lomi Lomi Nui combines elements of bodywork, healing ritual and dance according to ancient shamanic tradition. Flowing strokes with warm oil envelop your body and trigger a feeling of acceptance. Mindful touches alternate with gentle and intense impulses. You immerse yourself in a space of relaxation. By consciously perceiving your present moment, tensions and blockages can be released and a healing letting go can take place.
