Organic biscuits baked in the Vorarlberg Alps.

Since October 2020 there is a new organic cookie manufactory with coffee shop.

You can watch us baking and enjoy a coffee with an organic cookie and a magnificent view of the Kellaspitze. In our store you will find our organic cookies and other organic and regional products. In addition, there are changing art exhibitions on current topics, smaller events and if you feel like it, you can participate in one of our cookie workshops in July and August. Just have a look at the homepage. We are looking forward to your visit!

Current opening hours can also be found on Google.
